

Accelerated Implementation Methodology (AIP)

Proven Implementation Methodology specifically for SAP Business One

- Eliminates surprises and overruns in time or budget (Go live in 2 to 8 weeks)
- Enables straightforward migrations and integration, with few interruptions and low user stress
- Increases project transparency

Results in Lower Implementation Costs and Rapid ROI!

Broader Community Access

Website: <http://www.sdn.sap.com/irj/sdn/businessone>

The screenshot shows the SAP Business One community website. The top navigation bar includes 'About Us', 'How to Contribute', 'My Profile', 'Languages', and 'Log Off'. Below this is a search bar and a 'Welcome Back' message. The main content area is titled 'SAP BUSINESS ONE' and features several articles and announcements, including 'SAP BUSINESS ONE 8.8 RELEASE IS ALREADY IN RAMP-UP!', 'HOW TO BUILD & RUN A B12R1 SCENARIO - BIU B1P02B150 WITH B1SN 2007', and 'NEW B1DE VERSION 2.0.1 FOR B1 2007 NOW AVAILABLE!!'. The left sidebar contains a 'COMMUNITY NETWORK' menu with categories like 'Getting Started', 'Service-Oriented Architecture', 'SAP Netweaver Capabilities', and 'SAP Business One'. The right sidebar has sections for 'JOIN SAP TO TURN COPENHAGEN INTO HOPENHAGEN', 'STREAMLINING FORMS BASED PROCESSES', 'REGISTER NOW', 'DOWNLOADS', 'ARTICLES', 'E-LEARNING', and 'FORUMS'.
